

## **Assignment: Fizzbuzz!**

### **Instructions:**

- Count to 100
- If the number is a multiple of 5 and 10 print Fizzbuzz
- If the number is a multiple of 5 only and not 10, print Fizz
- If the number is a multiple of 10 and 10 only, print buzz
- If the number is neither, print the number

### **Some tips:**

- Use mod
- Use loops
- && is used for one of the conditions.

### **Submission Guidelines:**

- Show it to a TA
